To,

The Principal

Karimpur Pannadevi College,

Sub: Proposal for organizing a webinar on the prospects of Government Jobs, “Explore the Career Opportunities in Govt. Sector & Unlock the Potentials in You” from RICE Education Branch Berhampore

Dear Sir,

At first I would like to congratulate you for your immense contribution in the field of education. Your continuous endeavours to enrich the students with your knowledge have made the students successful in their academic career & thus lead to a bright future.

Since the year 1985 we have been successfully imparting quality training for various competitive examinations held for the recruitment of Government & Public Sector Employees under the Central and State Governments and this training has made our students achieve their goal of becoming Govt. Officials.

RICE Education, Berhampore has taken the initiative to spread career awareness on Government jobs through various ‘seminars/webinars’ for the students of different Colleges & Universities across West Bengal. Students attending these webinars can get all relevant information regarding the benefits, scopes, opportunities and method of preparation for building career in government sector.

Therefore, I have proposed to organize one such seminar for the students of your esteemed institution at any day between 22rd Feb to 25th Feb if possible, Experts from RICE Education will be the speaker in this seminar and also a class (Math/GI) will be provided. This will enrich the students with all relevant information and guide them for the preparation of competitive examinations held for the recruitment of different Govt. services. Hence, we earnestly urge for your honourable presence along with other dignitaries to make our initiative successful.

We also would like to organise a merit based examination (for which the eligible candidates will receive lucrative scholarship against their course fees from RICE) with a mutually decided date/ time for the participated students of your esteemed institution. This Scholarship is a great support for the financially weak but meritorious students who sometimes find it hard to take an external support in their preparation towards government jobs. Such obstacles usually make them not realize their dreams and bring them out of their current financial, and sometimes social, clutches to the better life.

In this context, we request your support for this initiative and let us join hands to make an impact in their lives. Let’s make a difference to the society. Please do the needful and oblige thereby.

Kindly get in touch with me for any clarifications..

Regards

Ujjwal Kumar Das
