Environment Audit Report

Karimpur Pannadevi College, Karimpur, Nadia, West Bengal, India- 741152

Session- 2021-2022

Prepared by Internal Green Audit team,
Karimpur Pannadevi College

Contents:

1. Acknowledgement
2. Context
3. Concept
4. Introduction
5. Audit Objectives and Scope
6. Audit Participants
7. Summary
8. Areas of Improvement
9. Environment Audit: - Questionnaire
10. Best Practices for the Environment
11. Recommendation
12. Conclusion
13. Summary of Eco Club
14. Annexure- Photographs of
Environment Consciousness

1. Acknowledgement

I thank the College Authority of Karimpur Pannadevi College for assigning this important work of Environment Audit (Green Audit).

My special thanks are due to:

- Teacher in charge of the college: - Sri Kaustav Bhattacharyya
- IQAC Co-Ordinator and Assistant Professor of Political Science: - Dr. Prasenjit Saha
- Joint Convenor of Eco Club and Assistant Professor of Botany: - Sri Bipul Sarkar
- Bursar and Assistant Professor of Physics: - Dr. Samit Pal
- Administrative and Academic Auditor and Assistant Professor of Mathematics: Dr. Joydeb Bhattacharyya
- Teaching and Supporting Staff of college
- Eco Club Members of the College

For giving vital inputs always for this Audit.

Report (Audit done) by:

20/07/2022

(Iftikar Rahaman)

Joint Convenor, Eco Club and

Assistant Professor

Department of Zoology

Karimpur Pannadevi College

2. Context

Green Audit or Environment Audit emphasizes the Green Campus initiatives, Waste Management system, Pollution Control systems, Energy Management etc. being implemented by the College Management. The Sole components of this Audit are mentioned below: -

3. Concept

The term “Environment audit” or “Green audit” is similar to “assessment”, “survey” and “review”. This term is concerned with environmental matters only for some institutions and for some it is a holistic audit of health, safety and the environment.

4. Introduction

Educational institutions are the pioneers of our society where the environment is the prime factor for all-around development. Educational institutions are currently becoming more concerned about environmental issues and measures are taken to make them eco-friendly. Various aspects are maintained and followed in institutions such as the Promotion of Energy Savings, recycling of waste, Proper Waste management, Water saving, water harvesting etc.

An environmental audit is being done to assess the environmental condition and all-over performance of an institute. It is a test for the environment. As a part of this assessment, an internal environmental audit (Green audit) is conducted to evaluate the environment at the campus.

It can be a useful way for a college to assess the condition regarding where most energy or water or any other resources are being utilized. It also helps to find out the way for a suitable savings plan for resources on the campus. It can also be used to identify the waste types generated in college and which wastes can be recycled and how. With this idea, a college can improve waste minimization.

The environmental audit allows the development of personal and social responsibilities for the students and teachers. So, it can help to build a sustainable environment on campus.

5. Audit Objectives and Scopes

The broad Aims and objectives of the Environment Auditing are:

- Environmental education through proper environmental management.
- Improvement of environmental standards.
- Identification of environmental protection initiatives.
- The sustainable environment concerning resource usage.
- Financial savings.
- Skill enhancement via practical exposure.
- Development of personal and social responsibilities for the college and the environment.
- Increment of College profile.
- Development of environmental ethics and value systems for students and teachers.

6. Audit Participants

Name	Position and Department
Sri Kaustav Bhattacharyya	Teacher in charge, Karimpur Pannadevi College
Dr Prasenjit Saha	IQAC Co-Ordinator and Assistant Professor, Department of Political Science, Karimpur Pannadevi College
Dr Joydeb Bhattacharyya	Administrative and Academic Auditor and Assistant Professor, Department of Mathematics, Karimpur Pannadevi College
Dr Samit Pal	Bursar and Assistant Professor, Department of Physics
Sri Sukdeb Pal	GLI and Senior Faculty, Department of Physics Karimpur Pannadevi College
Sri Bipul Sarkar	Joint Convenor, Eco Club and Assistant Professor, Department of Botany, Karimpur Pannadevi College
Sri Satyen Biswas	Chief Accountant, Karimpur Pannadevi College
Smt. Kakali Bandyopadhyay	Convenor, Academic Sub-committee and Assistant Professor, Department of Philosophy, Karimpur Pannadevi College

7. Summary

An Environmental audit is a temporal outline in which one person can assess the overall performance of a college with proper environmental laws and regulations. Although it is a standard procedure, the audit will be outdated if the continuation to monitor environmental well-being is stalled.

The Audit criterion for Karimpur Pannadevi College is environmental cognizance, waste minimization and management, biodiversity conservation, water conservation, energy conservation and environmental legislative compliance by the campus. A questionnaire is used during the audit. This audit report contains observations and recommendations for the improvement of environmental consciousness on the college campus.

8. Areas of Improvement

- Environment Policy to be adopted by the College Campus.
- Water meters should be installed and maintain the inventory of groundwater extraction resource bore well.
- A rainwater harvesting facility should be installed.
- Storage of chemicals like paints, gums resins, oils, lubricants, acids etc. in a designated place and safety /warning signs should be displayed.
- Proper dumping grounds/ places for different waste materials should be arranged on the college campus.

9. Environmental Audit- Questionnaire

The areas of Environmental/ green auditing to be followed:

- 9.1. Waste Minimization and Recycling
- 9.2. Greening
- 9.3. Energy Conservation
- 9.4. Water Conservation
- 9.5. Clean Air
- 9.6. Animal Welfare
- 9.7. Environmental Legislative
- 9.8. General Practices

Does any Environmental Audit conduct earlier?

No.

What is the total permanent population of the institute?

	Number
Students	5500
Teachers	47
Non-Teaching Staff	22
Sub Total	5576
Approximate Number of Visitors (Per day)	10

Where is the campus located?

Karimpur, Nadia, West Bengal

Which of the following are available in your institute?

1. Garden area	Available
2. Playground	Available
3. Kitchen	Available
4. Toilets	Available
5. Garbage or Waste Store yard	Not Available
6. Laboratory	Available
7. Canteen	Available
8. Hostel facility (numbers)	Not Available
9. Guest House	Available

Which of the following are found near your institute?

1. Municipal/ Panchayat dump yard	Not in the vicinity of the institute
2. Garbage heap	No Garbage heaps
3. Public convenience	Yes
4. Sewer line	Not enough sewer lines on campus
5. Stagnant water	No
6. Open Drainage	Yes
7. Industry (mention the type)	No
8. Bus/ Railway Station	Nearby Campus
9. Public halls	Yes

9.1. WASTE MINIMIZATION AND RECYCLING

1	Does your institute generate any waste? If so, what are they?	Yes, Solid waste, Canteen waste, paper waste, plastic waste, toiletry waste, Horticulture waste etc.		
2	What is the approximate amount of waste generated per day (in kg/month) (approx.)	Biodegradable 15 kg	Non-Biodegradable 5 kg	Hazardous < 1 kg

3	How is the waste generated in the institute managed? By <ol style="list-style-type: none"> 1. Composting 2. Recycling 3. Reusing 4. Others (specify) 	2 composting pits are there on the campus, Reuse of one side printed papers is done for internal purposes. Sewage water is discharged into public sewers. Domestic waste is given to Panchayat. Two types of waste bins are placed on the campus. One type is for Biodegradable wastes and another one is for Non – biodegradable wastes. There are also separate bins for materials which can be recycled further. For Biomedical waste, there is also a separate bin where wastes are destroyed through burning. e-waste collection boxes are also available on campus.
4	Do you use recycled paper in the institute?	Yes, academic evaluation works
5	Do you use reused paper in the institute?	Yes
6	How would you spread the message of recycling to others in the community? Have you taken any initiatives? If yes, please specify.	Yes, the Eco Club of the institute carried out several activities. Waste management drills, Anti Plastic campaigns, Tree Plantation Program, Van- Mahotsav, and Swachh Bharat Abhiyan have been followed frequently.
7	Can you achieve zero garbage in your institute? If yes, how?	Yes, the college has all the facilities to sort garbage in respective places and waste management is good on the campus.

9.2. GREENING THE CAMPUS

8	Is there a garden in your institute?	Yes, about 588 sq. meter	
9	Do students spend time in the garden?	1-2 hours during winters	
10	Total number of Plants on the Campus	Plant type	Approx. Number
		Trees	More than 50
		Shrubs	299
		Grass Cover	588 sq. meter
11	Suggest Plants for your campus. (Trees, vegetables, herbs, etc.)	Segun, Mahogany, Karabi, Aloe vera, <i>Ocimum sanctum</i> , <i>Justicia adhatoda</i> , <i>Azadirachta indica</i> and many more as per the geographical location.	
12	Is the college campus have any Horticulture department?	No	
13	Number of Staff working in the Horticulture Department	2 Gardeners	
14	Number of Tree Plantation Drives organized by college per annum. (If Any)	Yes, 2-3 tree plantation drives are organized annually. 20+ trees and 150+ shrubs were planted in this financial year.	
15	Number of Trees Planted in Last FY	66	
16	Plant Distribution Program for Students and Community	Yes, Saplings are distributed to Students and visitors on various Occasions.	
17	Plant Ownership Program	No	

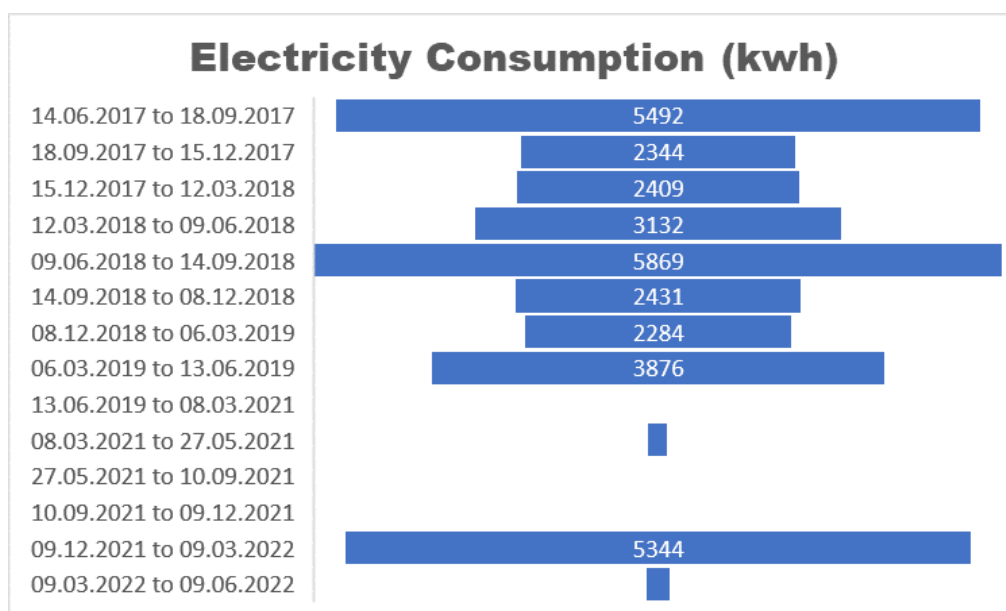

9.3. ENERGY

18	List a few ways that you use energy in your institute. (Electricity, LPG, firewood, others). Using this list, try to think of ways that you could use less energy every day.	Electricity is saved by the usage of LED bulbs and tube lights for illumination. LPG is saved by the usage of pressure cookers for cooking. An alternate source of energy is being used. i.e., Solar PV grids.
19	Are there any energy-saving methods employed in your institute? If yes, please specify. If not, suggest some.	Yes, renewable sources of energy through Solar PV grids are operational (20kWp and 10kWp). Energy Saving awareness is routinely followed all over the campus. Use of natural lights and replacement of all the tube lights and bulbs with LED has been done. Natural ventilation is promoted.
20	How many CFL/LED bulbs have your institute installed?	100% of Total Conventional bulbs are replaced by LED lights.
21	Are any alternative energy sources employed/installed in your institute? (Photovoltaic cells for solar energy, windmill, energy efficient stoves, etc.,) Specify.	Yes, photovoltaic cells for Solar energy, energy-efficient stoves
22	Do you run "switch off" drills at the institute?	Yes
23	Are your computers and other equipment put in power-saving mode?	Yes, In practice
24	Does your machinery (TV, AC, Computer, weighing balance, printers, etc.) run on	No

	standby modes most of the time? If yes, how many hours?	
--	--	--

The table showed the power consumption details:

	Period	Electricity Consumption (kwh)
1	14.06.2017 to 18.09.2017	5492
2	18.09.2017 to 15.12.2017	2344
3	15.12.2017 to 12.03.2018	2409
4	12.03.2018 to 09.06.2018	3132
5	09.06.2018 to 14.09.2018	5869
6	14.09.2018 to 08.12.2018	2431
7	08.12.2018 to 06.03.2019	2284
8	06.03.2019 to 13.06.2019	3876
9	13.06.2019 to 08.03.2021	0
10	08.03.2021 to 27.05.2021	173
11	27.05.2021 to 10.09.2021	0
12	10.09.2021 to 09.12.2021	0
13	09.12.2021 to 09.03.2022	5344
14	09.03.2022 to 09.06.2022	208

9.4. WATER CONSERVATION

25	The list of uses of water in your institute	Basic usage of water is required in Drinking, Gardening, Kitchen, Toilets, Laboratories and others.
26	How does your institute store water? Are there any water-saving techniques followed in your institute?	Water tank installed for storage of water. Water-controlled valves are provided in the water supply system.
27	If there is water wastage, specify why and how can the wastage be prevented/stopped.	No
28	Locate the point of entry of water and point of exit of wastewater in your institute.	Entry water comes from Panchayat and the exit water drainage system is at the back gate of the campus
29	Write down a few ways that could reduce the amount of water used in your institute	1. Close the taps after usage. 2. Maintenance and monitoring of valves in the supply system are needed to avoid overflow, leakage and spillage. 3. Water Conservation awareness program must be initiated for students, teachers and other staff.
30	Does your institute harvest rainwater?	Yes, in two of our Ponds.
31	Is there any water recycling System?	No

9.5. CLEAN AIR

32	Are the Rooms on Campus being Well Ventilated?	Yes
33	Window Floor ratio of the Rooms	Very good
34	Provide details of school-owned motorized vehicles.	None
35	Specify the type of fuel used by your school's vehicles:	Not Applicable
36	Air Quality Monitoring Program (If Any)	No monitoring is being done
37	Do students suffer from respiratory ailments? (If Any)	No

9.6. ANIMAL WELFARE

38	List the animals (wild and domestic) found on the campus (dogs, cats, squirrels, birds, insects, etc.)	More than 30 Hanuman Langurs, and more than 20 squirrels are found on the campus. Approx. 5 dogs and 2 cats are found to be present on the campus. The campus is home to many Common Myna, Spangled Drongo, Crows etc. Several butterflies, honey bees and other insects are found to be present on the campus.
39	How many dogs in your area have undergone Animal Birth Control - Anti Rabies (ABC - AR)?	Not required
40	Does your institute have a Biodiversity Programme?	No

9.7. ENVIRONMENTAL LEGISLATIVE COMPLIANCE

41	Are you aware of any environmental Laws regarding different aspects of environmental management?	Yes
42	Does your institute have any rules to protect the environment? List possible rules you could include.	Restricted Single-use plastic is followed on the campus. A ban on single-use plastic is needed to be applied on campus. The Eco Club of the college is very much active in spreading awareness and is working hard to apply conservation strategies. All undergraduate students have compulsory environmental sciences in their curriculum prescribed by UGC.
43	Does Environmental Ambient Air Quality Monitoring conduct by the Institute?	NA
44	Does Water and Wastewater Quality monitoring conduct by the Institute?	Yes
45	Is any warning notice, or letter issued by state government bodies?	No
46	Does any Hazardous waste generate by the Institute?	No

47	Does any Bio medical waste generate by the Institute? If yes explain its category and disposal method	Yes, Biomedical wastes are generated by the Biology Lab of the college. The wastes are collected separately in a specific bin and routinely destroyed by burning.
-----------	---	--

9.8. GENERAL

48	Are you aware of any environmental Laws regarding different aspects of environmental management?	Yes
49	Does your institute have any rules to protect the environment? List possible rules you could include.	Yes, Single-use plastic usage is restricted and the college authority needs to be proactive to ban its use.
50	Does housekeeping schedule on your campus?	Yes, Swachh Bharat Abhiyan
51	Are students and faculties aware of environmental cleanliness ways? If Yes Explain	Yes, Periodically, Pollution reduction, plantation and other awareness campaigns are carried out by the Eco Club of our Institute.
52	Do Important Days Like World Environment Day, Earth Day, Ozone Day etc. eminent on Campus?	Yes
53	Does Institute participate in the National and Local Environmental Protection Movement?	Yes, Swachh Bharat Abhiyan by students at

		the campus and beyond the campus.
54	Does Institute have any Recognition/certification for environmental friendliness?	No
55	Does Institute use renewable energy?	Yes
56	Does Institution conduct a green/environmental audit of its campus?	Yes, this is the first environmental audit done by the College.
57	Has the institution been audited/accredited by any other agency such as NABL, NABET, TQPM, NAAC etc.?	No

10. BEST PRACTICES / INITIATIVES FOR THE ENVIRONMENT

A	<p>Renewable Energy</p> <p>Karimpur Pannadevi College has a fully functioning Rooftop Grid Connected to Solar PV. The power plant was installed on 03.08.2020. A total of 500 grids have been installed, each of 450 grids array capacity of 10kWp and each of the other 50 grids has an array the capacity of 20kWp.</p>	
B	<p>Biodiversity Conservation</p> <p>Flora and fauna conservation</p>	<p>The lush green campus provides habitat to various species. Field survey within the campus has been done frequently and different fauna have been recorded. e.g., Hanuman Langur, Common Palmfly butterfly, Squirrel, Calotes versicolor, Spangled drongo, Common Myna, Crow, Starling etc. More than 20 different flora species have been recorded on the campus.</p>
C	<p>Tree Plantation Drives</p>	<p>Yes, periodically tree plantation drives are</p>

	Two Drives Annually, as well as Every Guest, is honoured by Tree Plantation at Campus.	conducted by students and staff of the campus.
D	Ground Water Recharge Two Ponds are being used in Rain Water Harvesting System.	Yes, 100% recharge of the rainwater
E	E-Waste Management Collection of e-waste by staff	e-waste is sent to authorized recyclers for adequate disposal of them.
F	Solid Waste Management Dumping of garbage on campus in some specific Dumping Pits.	Yes, different mechanisms for proper disposal of Solid wastes along with proper recycling including e-waste, Plastic wastes etc. have been done routinely.
G	Adoption of Village/Society	Yes

11. RECOMMENDATIONS

- Environment Policy implementation and communication to all the faculty members and other staff members would be needed.
- Air Quality Assessment is required annually.
- Reduction of paper usage would necessary by using more digital work.
- Water Meter should be installed in the institute for monitoring water consumption on the college campus.
- Avoid the use of personal vehicles inside the campus.

12. CONCLUSION

The audit was done thoroughly after consulting with the staff of the college. Interaction with all the key personnel on all the important issues of environmental aspects helped me with the audit. The Audit has identified important observations for making the college campus more environmentally friendly and sustainable. The recommendations are also mentioned for the college authority to initiate necessary actions to make the campus more environmentally friendly.

With my audit report, I can deduce that the campus is well-maintained from an environmental perspective. There are no vital observations but a few things are urgent and need to be initiated as soon as possible. Thorough waste management records and inventory of hazardous waste, rainwater harvesting recharge and periodic inspection are also needed.

13. SUMMARY OF ECO CLUB, KARIMPUR PANNADEVI COLLEGE:

Karimpur Pannadevi College Eco Club has initiated various activities to fulfil our mission of "Go Green". We have the following works in hand: -

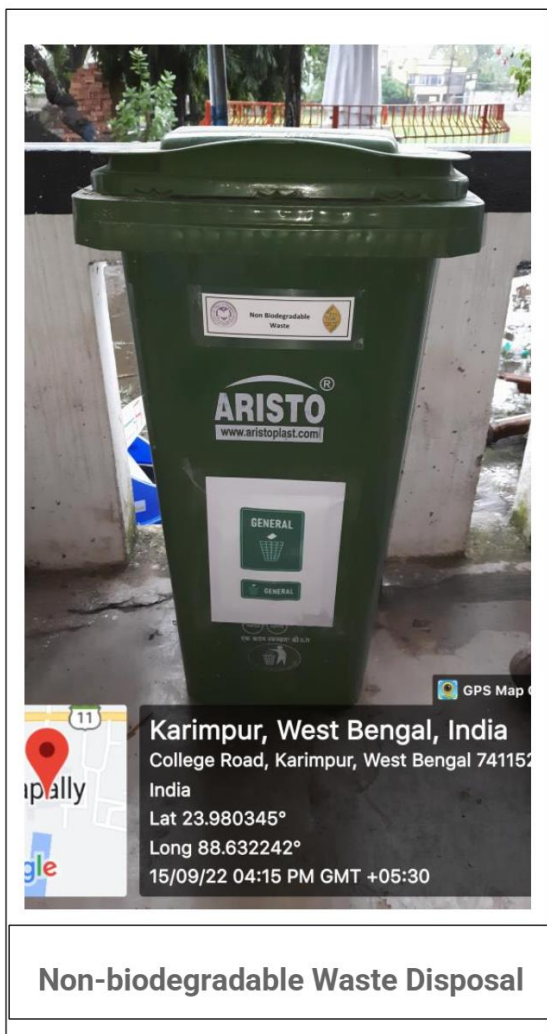

1. Waste Management Program
2. Sustainable Management
3. Maintenance and Rearing of Medicinal and Herbal Garden
4. Periodic Awareness campaign on campus and beyond the campus.

ECO CLUB PROGRAMMES **(2022)**

PROGRAMMES	DATES
RECONDITIONING WORK IN THE GARDEN BEGINS DATE:-	(22/3/2022)
30 HOURS OF ONLINE CERTIFICATE COURSE ON SUSTAINABLE ENVIRONMENTAL PLANNING:-	(5/4/2022)- (20/4/2022)
BLOOD DONATION CAMPING:-	(26/5/2022)
ENVIRONMENT DAY CELEBRATION ON:-	(5/6/2022)

**Brief Completion Report of the Tree Plantation programme by Eco club
Go Green Campus initiative
(15.08.2021, Tuesday, at 10.00 am at college campus)**

On the auspicious day of our Independence Day 15th August, 2021, the Eco-club of our college today successfully conducted a Tree plantation programme at college campus. This is the 1st programme of this season. The club has initiated this programme on regular basis. Almost 15 sapling have been planted. 26 volunteers have participated in this Greening programme very enthusiastically. Coordinator Sri Krishna Chandra Ghosh guides the students and also clean the garden. The sole objective of this programme is to promote the goal of "Green Campus and Health Campus".

Date: 05/06/2022

Brief Completion Report of the Awareness programme on Protection of Environment organized by the Eco club (05.06.2022, Sunday, at 12.00 pm at through online mode)

Like the last year our Eco club have successfully arranged an online Awareness Programme on Environment Protection in honour of Environment Day, 5th June, 2022 Sunday at 12.00 pm through online mode. For the first time this programme was organized by the students alone. They have presented their various activities, their innovative ideas to protect the environment and above all the future plan of their Eco club to maintain ecological balance in the college campus. They also focoused what we should do for implementing the idea of 'Reduce, Reuse and Recycle' effectively. Joint convenors of the cell Iftikar Rahaman, Assistant Professor , Department of Zoology and Sri Bipul Sarkar , Assistant professor , department of Botany conducted the whole programme. All the volunteers of the cell have participated in the Google meet. The programme was also streaming in Youtube. The participants have also taken an oath at last to protect the environment. Hope this programme will surely move them another step of their objective of Go Green.

**Brief Completion Report of the Tree Plantation programme by Eco club
Go Green Campus initiative
(24.06.2022, Friday, at 12.00 pm at college campus)**

The Eco-club of our college today successfully conducted a Tree plantation programme at college campus. The club has initiated this programme on regular basis. As the rainy season has started, monsoon has come, the club has taken the opportunity of this ideal situation of Tree Plantation Celebration. Almost 30 sapling have been planted. 29 volunteers have participated in this Greening programme very enthusiastically. The sole objective of this programme is to promote the goal of "Green Campus and Health Campus".

Brief Completion Report of the Van-Mahotsav Celebration organized by the Eco Club
Go Green Campus Initiative
(07.07.2022, Thursday, at 12:00 pm at College Campus)

The Eco Club of this college has completed the Van-Mahotsav Celebration program on the eve of Van- Mahotsav Saptah (1- 7 July). The Eco Club has initiated this celebration to plant trees and spread awareness among students of this college. In this celebration program, a small talk regarding Deforestation and Afforestation has been delivered for the audience and a Quiz Competition regarding Environmental Awareness has been conducted. The sole objective of this programme is to promote the goal of “Green Campus and Healthy Campus”.

1.1. ENERGY

18	List a few ways that you use energy in your institute. (Electricity, LPG, firewood, others). Using this list, try to think of ways that you could use less energy every day.	Electricity is saved by the usage of LED bulbs and tube lights for illumination. LPG is saved by the usage of pressure cookers for cooking. An alternate source of energy is being used. i.e., Solar PV grids.
19	Are there any energy-saving methods employed in your institute? If yes, please specify. If not, suggest some.	Yes, renewable sources of energy through Solar PV grids are operational (20kWp and 10kWp). Energy Saving awareness is routinely followed all over the campus. Use of natural lights and replacement of all the tube lights and bulbs with LED has been done. Natural ventilation is promoted.
20	How many CFL/LED bulbs have your institute installed?	100% of Total Conventional bulbs are replaced by LED lights.
21	Are any alternative energy sources employed/installed in your institute? (Photovoltaic cells for solar energy, windmill, energy efficient stoves, etc.,) Specify.	Yes, photovoltaic cells for Solar energy, energy-efficient stoves
22	Do you run "switch off" drills at the institute?	Yes

23	Are your computers and other equipment put in power-saving mode?	Yes, In practice
24	Does your machinery (TV, AC, Computer, weighing balance, printers, etc.) run on standby modes most of the time? If yes, how many hours?	No

The table showed the power consumption details:

	Period	Electricity Consumption (kwh)
1	14.06.2017 to 18.09.2017	5492
2	18.09.2017 to 15.12.2017	2344
3	15.12.2017 to 12.03.2018	2409
4	12.03.2018 to 09.06.2018	3132
5	09.06.2018 to 14.09.2018	5869
6	14.09.2018 to 08.12.2018	2431
7	08.12.2018 to 06.03.2019	2284
8	06.03.2019 to 13.06.2019	3876
9	13.06.2019 to 08.03.2021	0
10	08.03.2021 to 27.05.2021	173
11	27.05.2021 to 10.09.2021	0
12	10.09.2021 to 09.12.2021	0
13	09.12.2021 to 09.03.2022	5344
14	09.03.2022 to 09.06.2022	208

Clean and Green Campus Initiatives

At Karimpur Pannadevi College

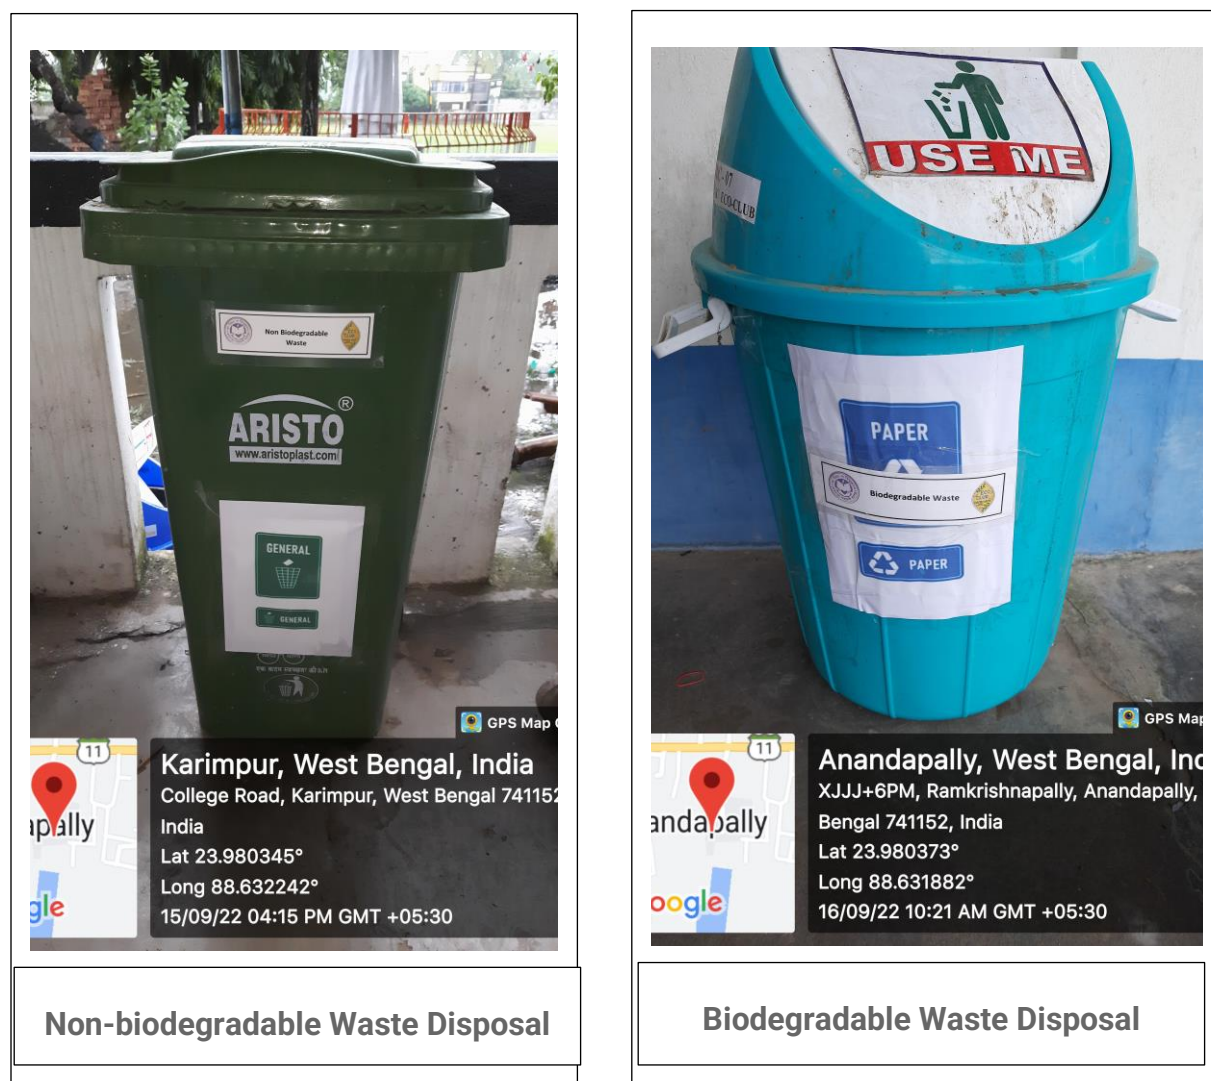

Maintained by Eco Club
Karimpur Pannadevi College

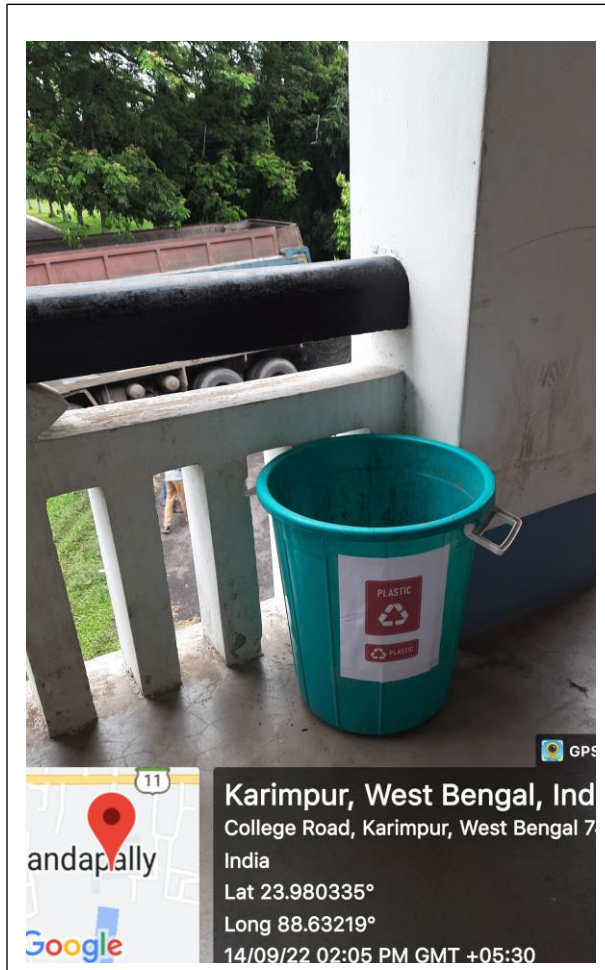

Session- 2021-2022

Introduction

"Cleanliness is next to Godliness," is a wise saying that refers to the importance of cleanliness in a person's life. With this motto, we are trying to keep our college campus clean as much as possible. Apart from maintaining the lavish green on the campus, Eco Club is also very active in maintaining our campus clean. Apart from placing separate dustbins for specific waste materials, frequent Cleanliness drives are conducted in the college. In this report, thorough pictorial documentation is given.

Management of Various types of Degradable and Non- degradable waste:

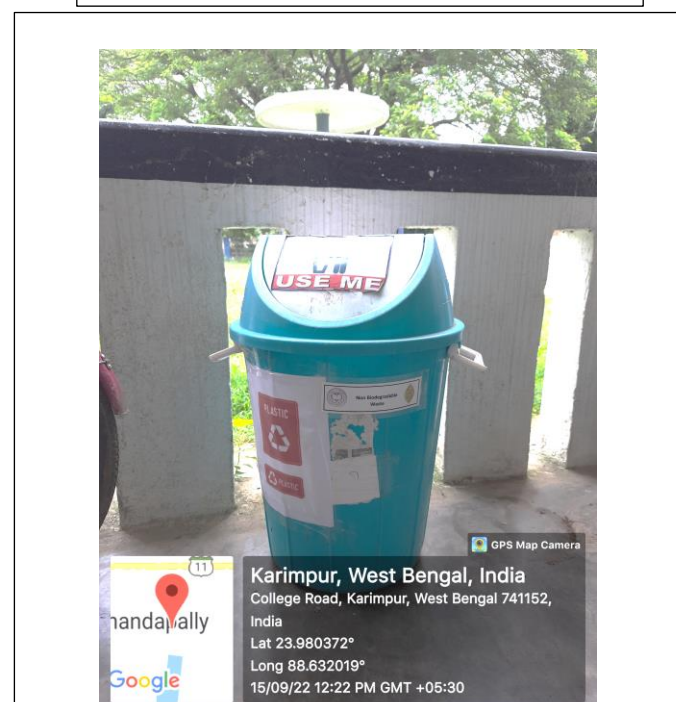

Non-biodegradable Waste Disposal

Biodegradable Waste Disposal

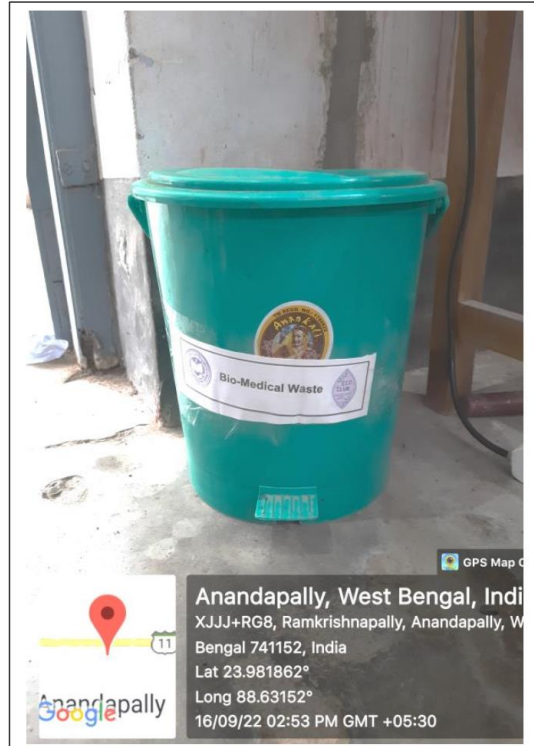

Usage of biodegradable Waste Bins

Non-biodegradable Waste Disposal

Recyclable Waste Material sorting

Bio-Medical Waste Disposal

Usage of Non-biodegradable Waste Bins

Green Campus Initiatives

At Karimpur Pannadevi College

Maintained by Eco Club
Karimpur Pannadevi College

Introduction

Karimpur Pannadevi College is one of the fewest green campuses you can find in our state, West Bengal. When you enter through the gates of this college, trees and lushes of greenery will welcome you. Our college has a dedicated team who took the responsibilities upon their shoulders to plant more trees and maintain the green ambience of this college. They are known as the Eco Club. In recent years, this team has worked hard to protect the environment and spread awareness among others. Here are the Initiatives taken by the college to keep the campus green: -

Maintenance of Medicinal and Herbal Garden of the College

Ref.No. Awareness Programme Eco-club KPDC/2021-2022

Date: 05/06/2022

Brief Completion Report of the Awareness programme on Protection of Environment organized by the Eco club (05.06.2022, Sunday, at 12.00 pm at through online mode)

Like the last year our Eco club have successfully arranged an online Awareness Programme on Environment Protection in honour of Environment Day, 5th June, 2022 Sunday at 12.00 pm through online mode. For the first time this programme was organized by the students alone. They have presented their various activities, their innovative ideas to protect the environment and above all the future plan of their Eco club to maintain ecological balance in the college campus. They also focussed what we should do for implementing the idea of 'Reduce, Reuse and Recycle' effectively. Joint convenors of the cell Iftikar Rahaman, Assistant Professor, Department of Zoology and Sri Bipul Sarkar, Assistant professor, department of Botany conducted the whole programme. All the volunteers of the cell have participated in the Google meet. The programme was also streaming in Youtube. The participants have also taken an oath at last to protect the environment. Hope this programme will surely move them another step of their objective of Go Green.

**Brief Completion Report of the Tree Plantation programme by Eco club
Go Green Campus initiative
(24.06.2022, Friday, at 12.00 pm at college campus)**

The Eco-club of our college today successfully conducted a Tree plantation programme at college campus. The club has initiated this programme on regular basis. As the rainy season has started, monsoon has come, the club has taken the opportunity of this ideal situation of Tree Plantation Celebration. Almost 30 sapling have been planted. 29 volunteers have participated in this Greening programme very enthusiastically. The sole objective of this programme is to promote the goal of "Green Campus and Health Campus".

Brief Completion Report of the Van-Mahotsav Celebration organized by the Eco Club
Go Green Campus Initiative
(07.07.2022, Thursday, at 12:00 pm at College Campus)

The Eco Club of this college has completed the Van-Mahotsav Celebration program on the eve of Van- Mahotsav Saptah (1- 7 July). The Eco Club has initiated this celebration to plant trees and spread awareness among students of this college. In this celebration program, a small talk regarding Deforestation and Afforestation has been delivered for the audience and a Quiz Competition regarding Environmental Awareness has been conducted. The sole objective of this programme is to promote the goal of “Green Campus and Healthy Campus”.

Completion Report

Van-Mahostav Celebration

At Karimpur Pannadevi College: 7th July, 2022

Organized by the Eco Club

Karimpur Pannadevi College

Information Brochure cum Flyer

The flyer is titled "Van Mahotsav Celebration" in a large, stylized blue font. It is organized by the Eco Club of Karimpur Pannadevi College. The event is scheduled for 07.07.2022, starting at 12:00 noon onwards. The program schedule includes an inauguration by the teacher in-charge, an inaugural song by a student, a presentation on afforestation, tree plantation, and a quiz competition. A green button prompts registration for the quiz competition, and a starburst graphic says "All are invited". The location is specified as Karimpur Pannadevi College Smart Classroom (Room No. 213). The flyer is decorated with a green leaf pattern and logos of the college and the Eco Club.
